With video stores on every corner during the VHS boom, they were flooded with an array of horror the likes of which we will never see again. The sleeve art was awesome and these unregulated horror, gore and sexploitation films rocked before they were eventually banned in the UK and the hysteria started to spread across the globe! VHS Nasty delves deep into the cult classic satanic panic that is the video nasties, taking an in-depth look at censorship within horror films specifically the video nasty scandal that shook not only Britain in the early 80's, but shook the world into a frenzy of panic! Talking about cult video nasties such as Faces of Death, Cannibal Holocaust, The Texas Chainsaw Massacre, Driller Killer and many more.
