## Sinopse

This is the definitive documentary about Ray Harryhausen. Aside from interviews with the great man himself, shot over five years, there are also interviews and tributes from Vanessa Harryhausen, Tony Dalton, Randy Cook, Peter Jackson, Nick Park, Phil Tippett, Peter Lord, Terry Gilliam, Dennis Muren, Rick Baker, John Landis, Ken Ralston, Guillermo Del Toro, Jean-Pierre Jeunet, Robert Zemeckis, James Cameron, Steven Spielberg and many more. For the first time Ray and the Foundation have provided unprecedented access to film all aspects of the collection including models, artwork and miniatures as well as Ray's private study, where he designed most of his creations, and his workshop where he built them. In addition the documentary will use unseen footage of tests and experiments found during the clearance of the LA garage. Never before has so much visual material been used in any previous documentary about Ray. This definitive production will not only display a huge part of the unique collection but will illustrate the influence that

Ray's work has had on film makers during the past fifty or so years.
