Sinopse

My mother used to wake me up with a vinyl record. It's the first thing I remember about life. Many years have passed but vinyl records have never abandoned me. And you? Have you ever listened to a vinyl record? With its unique sound and crackling that gives you butterflies. Have you ever plunged into the colours of the sleeves artwork? Have you smelled it? Music captures a unique taste, seductive. In "Vinylmania" the director guides us through the grooves of an object that has never lost its soul. He investigates what makes it so legendary in a world dominated by liquid music: Simple nostalgia? Possession? The search for an identity? A cry against the fast food music? The digital river that has no heart or soul, just ones and zeros... From Tokyo to New York, London, Paris and Prague we meet a tribe of collectors, Djs, musicians and artists. We explore the stores where passion is transformed into fever and the factories that have resumed stamping millions of copies.
